ADMINISTRATOR'S MESSAGE

August signals the beginning of a new chapter, brimming with possibilities. It is a pristine canvas on which to paint your aspirations with bold strokes and unwavering determination. As the summer fades and a new season emerges, harness this transition to propel yourself towards your ambitions, no matter how lofty they may seem. Every obstacle encountered is merely a stepping stone towards success, and each effort expended brings you closer to realizing your dreams.

So, as the days of August stretch out before you, seize this opportunity to make every moment count.

Embrace the challenges, persevere through adversity, and let the radiance of your hard work illuminate your path towards success. This month, set your sights high and let your determination carve out a brighter future for yourself.

PRINCIPAL'S MESSAGE

"Your education is the foundation upon which your dreams are built. Every book you read, every question you ask, and every challenge you overcome is a brick in the wall of your future success. Keep learning, growing, and pushing yourself to new heights. You have the power to create the life you want, so go out there and make it happen! Remember, the only way to do great work is to love what you do, so find your passion and pursue it with purpose and dedication."

AWARDS AND ACHIEVEMENTS

Selvi Aashika from class V has participated in the Westren dance competition and secured the first place.

Master S.Thosith from class V has participated in the Karate competition and secured Third prize.

The Royal Academy has conducted various competitions like Drawing, Essay writing, Hand Writing, Poem in Tamil and many students have participated and they received prizes like certificate and medals congratulations to them.

Master S.Narendra from class VI has participated in the Karate competition and secured First prize.

India's Independence Day, observed annually on August 15th, signifies a monumental moment in the nation's history. It commemorates the end of British colonial rule in 1947, a significant milestone that ushered in a new era of sovereignty and self-governance for the Indian people.

Throughout the country, this day is celebrated with great fervor and patriotism. The festivities typically begin with the hoisting of the national flag by the Prime Minister at the Red Fort in Delhi, followed by parades showcasing India's rich cultural heritage and diversity.

People from all walks of life come together to participate in various events and activities that honor the sacrifices made by countless individuals during India's struggle for independence.

It is a day of national pride and unity, as Indians reaffirm their commitment to upholding the values of freedom, democracy, and inclusivity that have defined the nation's journey since independence.

Fruit carving is the artistic practice of sculpting fruits and vegetables into intricate designs. Originating in Thailand, this craft is popular in many cultures for its visual appeal, especially at festive occasions. Carvings can range from simple patterns to elaborate, detailed sculptures. Common fruits used include melons, pumpkins, and cucumbers. Techniques often involve tools like paring knives and specialized carving tools. Fruit carving not only creates visually stunning presentations but also adds a touch of creativity and elegance to food displays.

GRAMMAR CAPSULE COMPETITION

Formal writing necessitates a command of proper grammar. Grammar Capsules are a valuable tool in this pursuit, offering succinct and targeted lessons that cater to specific grammar skills. These capsules zero in on common problem areas, providing learners with clear, concise explanations and relevant examples. By focusing on discrete aspects of grammar, Grammar Capsules allow users to digest information in manageable portions, gradually building their proficiency in the language.

Furthermore, the structured format of Grammar Capsules ensures that learners can efficiently grasp and apply the rules being taught. This approach not only facilitates a deeper understanding of grammar concepts but also empowers individuals to address their weaknesses systematically. With Grammar Capsules, users can hone their grammar skills with precision and enhance their overall proficiency in written and spoken communication.

Learning coding offers numerous benefits:

- Problem-Solving Skills:** Enhances logical thinking and analytical abilities.
- Career Opportunities:** Opens doors to various tech and non-tech roles.
- Automation:** Enables automation of repetitive tasks and processes.
- Creativity:** Fosters creativity through app and web development.
- High Demand:** Coding skills are in high demand across multiple industries.

DEPARTMENT OF TAMIL

GRADE-IV- தமிழ் - முளைப் பாரி

இ

GRADE-3

தமிழ் - இலையில் உருவம் செய்தல்

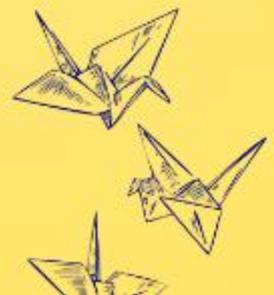

Department of English

Grade II B

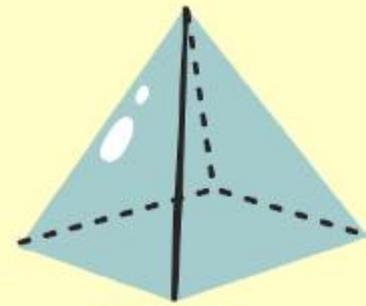

Topic: Chapter 4 Rupa's Parrot

Origami paper Bird cage

Department of Maths

GRADE VI-B Prime factorisation

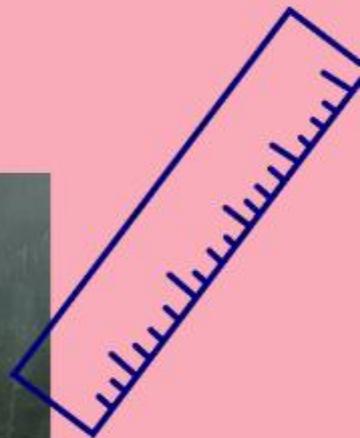

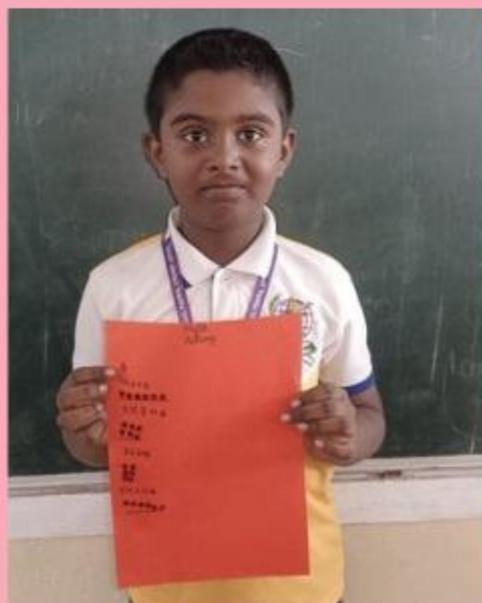

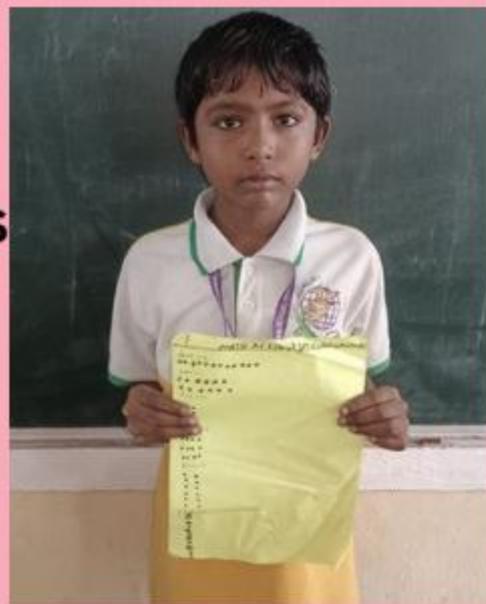

GRADE IV MATH TABLE

Grade IV

Math activity factors and multiples

1. Improved understanding of numbers
 2. Enhanced problem-solving skills
 3. Simplified calculations
 4. Builds algebraic thinking
 5. Develops critical thinking
 6. Essential for real-world applications
 7. Boosts math confidence
 8. Supports mental math and estimation
 9. Fosters number sense
 10. Prepares for advanced math concepts
- By learning factors and multiples, students develop a robust math foundation, enhance their problem-solving skills, and build a strong base for future math success!

Geometric Shapes:

Squares

Circles

Triangles

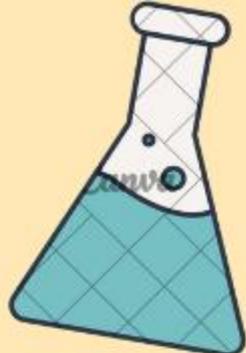

Rectangles

Polygons (e.g., pentagons, hexagons)

Rhombuses

Trapezoids

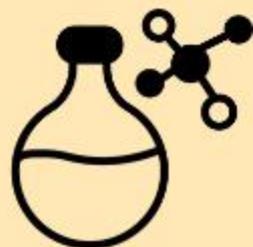

DEPARTMENT OF SCIENCE

GRADE VII

Acids and bases - experiment with turmeric, soap solution and lemon juice

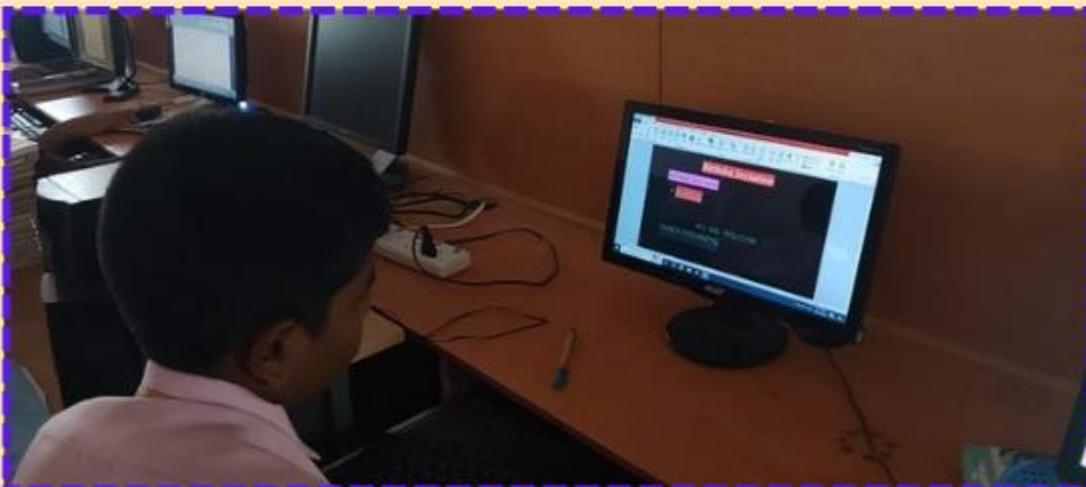

Certainly, the experiment involves testing different substances with turmeric to determine their acidity or alkalinity. The substances to be tested are soap solution and lemon juice.

DEPARTMENT OF COMPUTER SCIENCE

GRADE IX

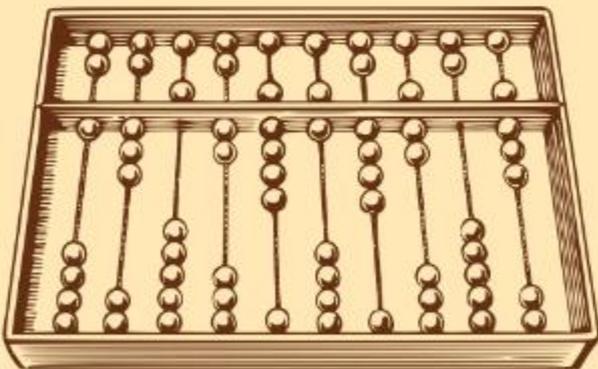

Create Textual communications

Abacus training for Teachers

Our school teachers have undergone Abacus training conducted by Poonamalle.

Learning the abacus offers several benefits beyond basic arithmetic:

Improves Mental Math Skills

Boosts Concentration

Enhances Problem-Solving Skills

Develops Fine Motor Skills

Fosters Confidence

Provides a Strong Mathematical Foundation

Dance Competition

Our school students from classes 10 and 11 participated in the inter-school folk dance competition conducted by YMCA

SPORTS

Our school students have participated in the Throw Ball match conducted by Mariyan Mat.Hr.Sec.School. Congratulations dear
