VISION & MISSION OF DFT

VISION

Our vision is to enable young minds with profound knowledge and technology to be globally responsible by creating skilled and blissful community

MISSION

To impart knowledge and technological skills in young minds with global standards To ignite environmental sensitivity. To indoctrinate right values and universal brotherhood. To incorporate student - centric and joyful learning

CAMPUS SUPERIOR MESSAGE

"Believe in yourself, take the leap,
and watch the universe conspire to
make your dreams a reality."

Remember, every great achievement
starts with a single step, every
success story begins with a
courageous decision, and every
triumph is born from perseverance
and determination.

You are capable, you are strong, and
you are unique. Don't let anyone dull
your sparkle or dictate your potential.

Go out there, chase your passions,
learn from your mistakes, and make
your mark on the world.

You got this!"

PRINCIPAL'S MESSAGE

A decorative arc of colorful dots (purple, yellow, blue, pink) with thin black lines extending from them, located in the top-left corner.

"Life is a canvas, paint it with purpose.

Every sunrise marks a new beginning,
every setback sparks a fresh start.

Don't let fears hold you back, let faith
guide you forward.

Believe, persevere, and inspire.

You are stronger than you think,
braver than you feel, and capable of
achieving greatness.

Keep shining!"

A decorative arc of colorful dots (purple, pink, blue, yellow) with thin black lines extending from them, located in the bottom-right corner.

KG ACTIVITIES

Pot painting is the process of decorating plant pots with various artistic designs using different painting techniques. It's a popular way to personalize and enhance the appearance of flower pots, terracotta pots, or even concrete planters. It allows you to turn a simple pot into a beautiful piece of art, perfect for displaying plants or flowers in your home or garden.

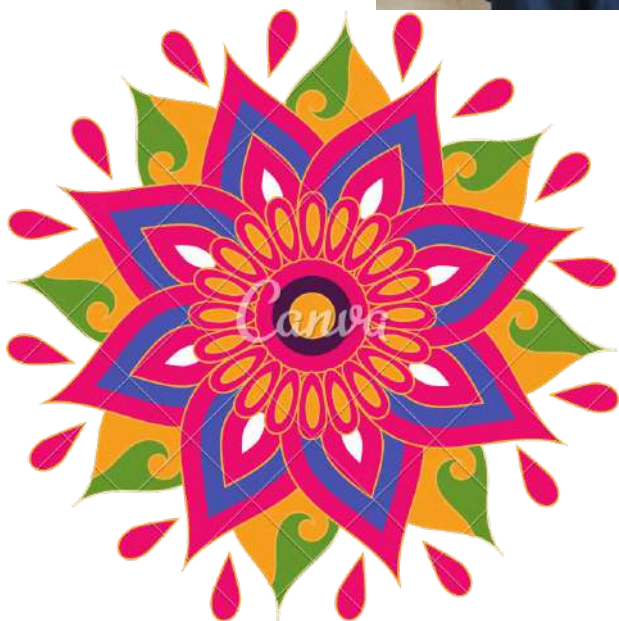

Pot Painting

PRIMARY ACTIVITIES

3D models are done by our grade 5 students about natural calamities. These 3D of natural calamities are digital representations used to visualize and simulate the effects of natural disasters. These models are commonly used in research, education, and disaster management to help better understand and predict the behavior of such events. They allow for more accurate planning and response strategies, as well as offering insights into how to mitigate damage.

MIDDLE COMPARTMENT ACTIVITIES

FLOWGORITHM

V I A

HIGH SCHOOL/ HIGHER SECONDARY

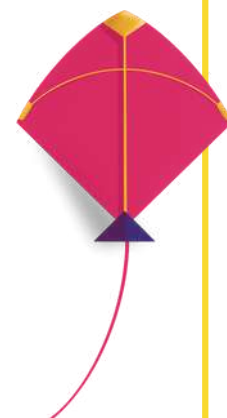

Examinations in school are formal assessments designed to evaluate students' understanding and knowledge of a particular subject or topic. These exams are typically held at the end of a unit or term and often contribute significantly to a student's final grade. We have conducted an Annual exam for students in Grade IX and Revision -I for the students in grade X, XI, XII

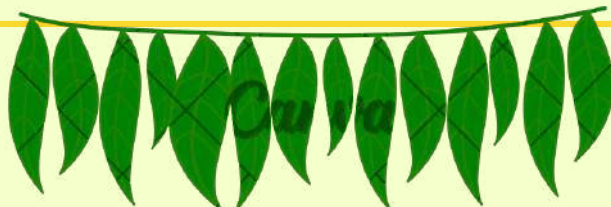

On a recent occasion, our esteemed students from classes X to XII embarked on a thoughtfully organized one-day educational trip to the renowned MGM amusement park. This outing aimed not only to provide a much-needed respite from the rigors of academic life but also to foster social interaction and camaraderie among the students.

SPECIAL DAY CELEBRATIONS

Pongal is a major festival celebrated in Tamil Nadu, India, and by Tamil communities across the world. It's a time to celebrate the harvest and express gratitude to nature, especially the Sun God, for the abundance of crops. The festival typically spans four days, each with its own unique customs and significance:

1. *Bhogi Pongal* (First day):

This day is dedicated to Lord Indra, the god of rain, and is considered a day of new beginnings. People clean their homes, remove old items, and discard unwanted things. Bonfires are lit to burn old articles, symbolizing the destruction of the old and welcoming the new. This day also marks the start of the festival.

2. *Surya Pongal* (Second day):

The second day is the main day of the celebration. It's dedicated to Surya, the Sun God, as the sun plays a vital role in the growth of crops. People prepare a special dish called Pongal, a sweet or savory dish made with freshly harvested rice, jaggery, and milk. This dish is cooked in an open space and is often made in a clay pot. The first portion is offered to the Sun God, while people chant, "Pongal-o-Pongal," a traditional greeting.

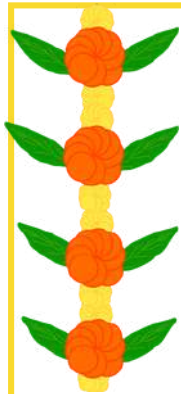

3. *Mattu Pongal* (Third day):

This day honors cattle, especially cows and bulls, which play a crucial role in farming. Cows are bathed, decorated with garlands, and sometimes their horns are painted. In rural areas, farmers often organize bullock-cart races and other fun activities to celebrate this day. Mattu Pongal highlights the importance of livestock in agriculture.

4. *Kaanum Pongal* (Fourth day):

The final day of the festival is a time for socializing, family gatherings, and visiting relatives. People exchange gifts and enjoy feasts together. It's a day to relax and enjoy the company of loved ones.

Throughout the festival, there's a lot of music, dancing, and cultural activities. Pongal is a time for family bonding, expressing gratitude for nature's blessings, and celebrating the harvest with joy and enthusiasm.

ACHIEVEMENTS

It is with great pleasure that we announce the commendable achievement of one of our esteemed students, Harish S., who is currently in the sixth grade. Harish recently participated in a highly competitive skating event, where he demonstrated remarkable skill, dedication, and sportsmanship. In a challenging field of talented competitors, he showcased his abilities and secured the prestigious title of second-level winner.

We would like to extend our heartfelt congratulations to Harish for his outstanding performance in the skating competition.

ROBOTIC CLASS

TOPPERS & BLOOMERS MEET

SAFETY CHECKING DAY

A Safety Day in school is typically an event where students and staff are educated on various safety protocols and practices. It often involves activities and demonstrations focused on topics like fire drills, first aid, emergency evacuation procedures, bullying prevention, internet safety, and general well-being. The goal is to raise awareness and equip students with the knowledge and skills to handle different safety situations, both inside and outside the school

COUNSELLING

School counseling focuses on helping students navigate their academic, social, and emotional challenges. School counselors provide support in several areas, including:

1. Academic Support
2. Career Guidance
3. Social and Emotional Support
4. Mental Health Support
5. Crisis Intervention

School counselors work closely with teachers, parents, and other professionals to ensure students receive the support they need to succeed both academically and personally.

STAFF MEETING

Staff meeting was held on 07.1.25 to discuss about Annual day, and changes should be made in academics, upcoming programs, and plans

TEACHER'S CORNER

On Pongal's dawn, the sun ascends,
A festival where joy never ends.
Fields of gold, so vast and wide,
Where farmers' hearts in pride collide.

Sweet rice in pots, with ghee so pure,
Flavors of harvest, rich and sure.
Sugarcane and fresh, warm fruits,
In homes, the spirit never roots.

Kolams bloom at every door,
As families gather, and spirits soar.
The dance of joy, the beats of cheer,
Pongal's magic draws us near.

Thankful hearts and prayers rise high,
To the sun, the earth, and the sky.
A time to share, a time to bond,
With every moment, life grows fond.

NO-BAG DAY ACTIVITY

Pot designing

Grade VI A

Best from waste

"Best from waste" refers to the concept of creatively repurposing and recycling items that would otherwise be discarded. It involves transforming everyday waste materials into new, useful, and often decorative products. The goal is to reduce waste, promote sustainability, and encourage innovative thinking.

EDITORIALBOARD

Dear Readers,

We are excited to present this edition of a testament to the continued growth, insight, and engagement of our community. As always, our team remains committed to delivering thought-provoking, timely, and accurate content that sparks conversation, provides clarity, and invites deeper understanding.

Thank you for your continued support and trust in us. We look forward to the conversations ahead and to the role we will continue to play in fostering an informed, connected, and engaged community.

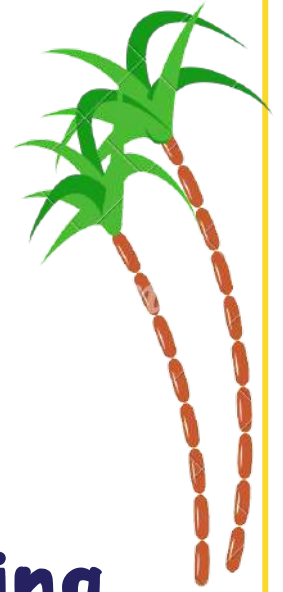

Warm regards,

Mrs. B.Ramya M.sc B.ed., [ICT Department]

Mrs.S.Diana Mary M.A B.ed., [English Department]

**"When you express
gratitude, you are planting
seeds for future blessings."**

THANK YOU!
